Average House size of 2300 sq. ft. plan on 1 hour scan time.

General Provisions:

1. All accessories and supplies will be included unless discussed in estimate phase of project.
2. Only house size will need to know at time of scan, all other add-ons can be case by case decision after seeing scan.
3. MLS will need to be provided to Marsh Consulting if posting.
4. Best if homeowners and pets not home during scan times
5. If street view requested can't modify scan so, look as it does at time of scan.
